

Ideation Phase

Brainstorm & Idea Prioritization Template

Date	12 July 2026
Team ID	
Project Name	Electric Vehicle Charge and Range Analysis
Maximum Marks	4 Marks

Brainstorm & Idea Prioritization Template:

Brainstorming provides a free and open environment that encourages everyone within a team to participate in the creative thinking process that leads to problem solving. Prioritizing volume over value, out-of-the-box ideas are welcome and built upon, and all participants are encouraged to collaborate, helping each other develop a rich amount of creative solutions.

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

Step-1: Team Gathering, Collaboration and Select the Problem Statement

Brainstorm & idea prioritization

Use this template in your own brainstorming sessions so your team can unleash their imagination and start shaping concepts even if you're not sitting in the same room.

🕒 10 minutes to prepare
🕒 1 hour to collaborate
👥 2-8 people recommended

➔

Before you collaborate

A little bit of preparation goes a long way with this session. Here's what you need to do to get going.

🕒 10 minutes

A Team gathering
Define who should participate in the session and send an invite. Share relevant information or pre-work ahead.

B Set the goal
Think about the problem you'll be focusing on solving in the brainstorming session.

C Learn how to use the facilitation tools
Use the Facilitation Superpowers to run a happy and productive session.

1

Define your problem statement

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

🕒 5 minutes

PROBLEM

How might we [your problem statement]?

Key rules of brainstorming

To run a smooth and productive session

🗣️ Stay in topic.

💡 Encourage wild ideas.

⏸️ Defer judgment.

👂 Listen to others.

🗨️ Go for volume.

👁️ If possible, be visual.

Step-2: Brainstorm, Idea Listing and Grouping

2

Brainstorm

Write down any ideas that come to mind that address your problem statement.

10 minutes

TIP

You can select a sticky note and fill the pencil icon to sketch / icon to start drawing!

Person 1

How might we analyze EV sales trends over the years?

How might we analyze price variations of EV models?

How might we identify top selling EV models?

How might we analyze battery capacity vs range?

How might we analyze charging infrastructure availability?

How might we find regions with high charging demand?

How might we analyze charging time across models?

How might we study the impact of charging cost on EV usage?

Person 2

Person 3

How might we analyze EV adoption trends in different states?

How might we identify factors affecting EV adoption rates?

How might we compare customer preferences for EV features?

How might we compare government incentives and their impact?

How might we predict future EV market growth?

Person 4

How might we compare EV efficiency across models?

How might we identify best range EVs in each segment?

How might we analyze total cost of ownership of EVs in different conditions?

How might we check performance of EVs in different conditions?

How might we evaluate safety ratings of EV models?

How might we create an interactive EV analytics dashboard?

How might we visualize key EV metrics effectively?

How might we provide real-time insights for better decisions?

How might we use filters to help users explore data easily?

How might we make data storytelling more clear and simple?

Person 5

3

Group ideas

Take turns sharing your ideas while clustering similar or related notes as you go. Once all sticky notes have been grouped, give each cluster a sentence-like label. If a cluster is bigger than six sticky notes, try and see if you can break it up into smaller sub-groups.

20 minutes

TIP

Add customizable tags to sticky notes to make it easier to find, review, organize, and share content, especially when it's themes within your mural.

Group 1

- Analyze EV sales trends over the years
- Compare EV brands performance
- Analyze price variations of EV models
- Identify top selling EV models
- Analyze EV adoption trends in different states
- Predict future EV market growth

Group 2

- Analyze charging infrastructure availability
- Find regions with high charging demand
- Analyze charging time across models
- Study the impact of charging cost on EV usage
- Identify areas needing more charging stations

Group 3

- Compare EV efficiency (km/kWh) across models
- Identify best range EVs in each segment
- Analyze total cost of ownership of EVs
- Check performance of EVs in different conditions
- Evaluate safety ratings of EV models

Group 4

- Analyze customer preferences for EV features
- Compare government incentives and their impact
- Identify factors affecting EV adoption rates

Group 5

- Create an interactive EV analytics dashboard
- Visualize key EV KPIs effectively
- Provide real-time insights for better decisions
- Use filters to help users explore data easily
- Make data storytelling more clear and simple

Step-3: Idea Prioritization

4

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

20 minutes

TIP

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the H key on the keyboard.

5

After you collaborate

You can export the mural as an image or pdf to share with members of your company who might find it helpful.

Quick add-ons

Share the mural

Share a view link to the mural with stakeholders to keep them in the loop about the outcomes of the session.

Export the mural

Export a copy of the mural as a PNG or PDF to attach to emails, include in slides, or save in your drive.

Keep moving forward

Strategy blueprint

Define the components of a new idea or strategy.
