

Ideation Phase

Define the Problem Statements

Date	12 July 2026
Team ID	
Project Name	Electric Vehicle Charge and Range Analysis
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
I'm trying to	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way – what bothers them most?	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists – what needs to be solved?	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view – how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

Customer Problem Statement Template															
FOR	EV Buyers / Users			trying to			but			because			which results in / via		
I am				Make Informed Decisions			Face Challenges			Due to These Reasons			Negative Outcomes		
EV enthusiasts	Potential EV buyers	Fleet managers		Compare EV models and brands	Analyze prices and ranges	Find best EVs for my needs	Too much data in different sources	Hard to compare EV models	Lack of clear visualization	Data is scattered across platforms	Information is not centralized	Lack of interactive dashboards	Poor purchasing decisions	Wasted time and effort	Higher costs
Researchers and analysts	Policy makers	Dealers and businesses		Check charging infrastructure availability	Evaluate performance and efficiency	Track EV market trends	Scattered information about pricing and range	No easy way to analyze charging stations	Difficult to identify best options	Complex data and metrics	No real-time insights	Limited filtering and comparison tools	Missed best EV options	Inefficient fleet management	Lost business opportunities
Environmental conscious users	Investors in EV market			Assess total cost of ownership	Make data-driven purchasing decisions		Time-consuming manual analysis	Outdated or inconsistent data		Different formats and structures	Lack of visual storytelling		Slow market adoption	Less satisfaction and trust	

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	EV Buyer	Find the best EV Model	Hard to compare EVs	Data is scattered	Confused
PS-2	EV Analyst	Analyze EV trends	Insights are difficult to find	No Interactive visualization	Time-Consuming
